

PROFESSIONAL COURSE

Professional Diploma

R 23 000-00

Who is it for?

This course is for students with little or no body piercing knowledge wishing to learn the full range of cannula body piercing techniques in one course.

This course is also available utilising blade piercing technique

About the course

This course will deliver comprehensive insight into all cannula piercings.

The complete body piercing course covers the full range of no bleed cannula body courses. By incorporating the "foundation body piercing diploma", "genital body piercing certificate", "dermal anchor piercing certificate", and "skin diver piercing certificate" you will study at an intense level to gain the higher level diploma in cannula body piercing - Impressive!

This intensive body piercing course is highly participative, interactive and practical complimented by theory lessons to provide a full working knowledge and understanding of all aspects of cannula no bleed body piercing.

How long does the course take?

This course is very intensive and usually takes 5 full working days plus evenings studying to complete the course. Depending on the individual a 6th day may be required. This will be available at an extra cost.

What's included?

All materials to enable you to successfully complete the higher level body piercing diploma, including real clients to pierce, hands on training in a working environment, experienced and fully qualified teacher to guide and support you through the course, benefit of our service guarantee, pass guarantee, and lifetime support guarantee, **refreshments through out the day, lunch** and a higher level diploma upon completion.

What will I get out of it?

- Ability to competently perform the full range of body piercings including all piercings outlined in the foundation Certificate, genital piercings, dermal anchor piercings and skin diver piercings.
- In-depth knowledge of piercing names, placements and appropriate jewellery
- Health, safety and hygiene in the studio including the control of blood Bourne pathogens
- Insight to the history of body piercing
- Body piercing aftercare
- Identifying workplace hazards
- Lifetime support, pass guarantee, service guarantee
- Professional diploma

When are the courses held?

Being our most popular body piercing course for beginners, we run the courses weekly throughout the year starting every Monday morning with classes of no more than three students per course.
